Ball Mill – Approved Open Gear Lubricants (OGL)

The following open gear lubricants have been approved by Foster Wheeler for use on its Ball Mills:

- Fuchs Lubritech: Ceplattyn KG10 LC
- Exxon-Mobil: Mobiltac 325NC & Mobiltac 375NC
- Petron: Petron Gear Shield NC
- Whitmore: Envirolube Heavy
- Kluber: Kluber Fluid C-F 3 Ultra

As with any open gear lubricant, proper application and monitoring is essential to ensure successful performance.
